

INTRODUCING COSMELAN DEPIGMENTATION SYSTEM!!!

Brown spots on the hands and face are one of the greatest aesthetic concerns of men and women. The Cosmelan Depigmentation System is a bleaching treatment suitable for ALL skin types with a very high safety margin.

After just one week, a significant improvement in the skin is observed. Reduction of brown spots from the sun, hormones and pregnancy occurs revealing new, luminous and rejuvenated skin.

The Cosmelan System is an in-office treatment combined with an at-home skin care program. Dr Roberts may recommend the at-home program alone depending on your skincare needs and/or lifestyle.

Sharon or Dora are available to apply Cosmelan Monday through Friday each

Got SPF???

Surfing? Skating?
Water sports?
Summer fun in the summer sun requires an SPF between 45 and 60!

We are now carrying Neutrogena Heliosol spf 57! Reapplication every hour while outdoors is what Dr. Roberts recommends to ensure a sun safe summer free of sunburns, free radical damage and pre-mature aging of your skin.

Wear sun protective clothing to get extra added protection, but remember only strict sun avoidance can guarantee safety.

Great News! Great Results!

Dr. Roberts is pleased to inform her patients that she is getting great results with Thermage. Patients are reporting subtle, yet significant tightening of their overall skin on the face and neck. Improvement in skin quality, smoother texture and increased thickness have been reported as well!

Initial improvements are seen immediately after treatment and continue over a period of 6 months. We will keep you posted on Dr. Roberts' results with body part treatments as patient feedback becomes available.

Dr. Roberts' web site is now up and running! We are looking for anonymous patient testimonials. If you've had a procedure, experience, or loved a product in our office and you'd like to share your experience, we'd love to add your voice to our website. Ask our staff for details and get 20% off any single product.

Juvederm

A new option in facial fillers

Dr. Roberts is now offering Juvederm as another option for fine lines and wrinkles. Juvederm is a Hyaluronic Acid injectable similar to Restylane. We are currently participating in a study to determine if results are comparable or

2007 Summer Vacation Schedule

- 6/21 - 6/27
- 7/4 - 7/10
- 8/17 - 8/23

Sharon will be out of the office June 21st through the 27th.

Please plan ahead and schedule your appointments in advance.

Blu-U Battles Bacteria!

Blu-U PhotoDynamic Therapy kills bacteria on your skin. Studies show that Blue Light treats both active acne lesions and inactive oil glands that have yet to produce pimples.

Blu-U alone can deliver great results for those monthly flares due to hormones and can be a safe alternative to oral antibiotics.

The use of Blu-U with

Smoking and Your Skin

Think the sun is the only factor in premature aging of the skin and skin cancer? Think again. Cigarette smoke contains thousands of nasty chemicals which not only destroy collagen and elastin resulting in dull, wrinkled, aged skin but also increases the risk of skin cancer!

While topical Vitamin C and other antioxidants can help decrease some amount of this damage, Dr. Roberts strongly advises all her patients to quit smoking. It's not easy but your skin will thank you forever!

TNS Lip Plumping System

Restores lip fullness and volume within minutes and offers long-lasting anti-aging benefits. This product provides fuller, more youthful looking lips. Great way to maintain results of injectable fillers.

BENEFITS:

Neutrogena Heliosol SPF 57

Advanced sun protection delivers superior broad spectrum UVA/UVB protection with Helioplex™ technology. The unique photostable formula provides lasting UVA protection with unparalleled aesthetics-fragrance-free, non-comedogenic, and a light, non-greasy feel.

\$26.00

Nia 24/7

By stimulating the skin's natural barrier function, NIA 24 builds stronger, better skin that's more resilient and resistant to damage. By improving the skin's barrier function, overall skin tone and texture improve. NIA 24 reduces the appearance of visible brown spots, hyperpigmentation and lines specifically associated with sun damage. Without it, skin falls prey to daily sun and environmental stresses that slow skin's self protective function and speed the visible signs of aging.
